Carroll's Strengths and Weaknesses

Strengths

- List the top 3-5 of each
- Use an additional slide if needed
- Any observations about the discussion? What stood out for you?
- Remember, this is about Carroll as you experience it now, and is an *internal assessment*

Weaknesses

Carroll 2020 Working Document

Top Trends

- You can make a map, if you like. We used the STEEEP model to think about *external trends and forces*:
 - Social/demographic
 - Technology
 - Economy
 - Education
 - Environment
 - Politics and government
- Record the top vote-getters
- What stood out as your group had this discussion?

Opportunities and Threats

Opportunities

- Have your group use some of the trends they thought were most important
- What opportunities and threats/challenges do the top trends represent for Carroll?
 - List the top 3-5 of each
 - Every trend may carry both an opportunity and a threat or challenge
- Use an additional slide if needed
- Any observations about the discussion? What stood out for you?

Threats

Ideal Carroll County

- Each group member writes ONE SENTENCE to describe their ideal Carroll County in 2030
- Can capture those sentences on slides (use more as needed).
- When your group looked at all the statements, what themes did you see? List phrases, words, concepts here

Comments, Questions

- Who else would you have liked to hear from, who couldn't meet with your cluster group?
 - Missing voices?
- What questions or concerns did group members raise?
- What else should our task force know about your cluster meeting?
